Annex 3: MNQF minimum entry requirement

Entry Criteria for MNQF Qualifications

Maldives Qualifications Authority, Ministry of Education, Male', Maldives

Level	Qualification(s)	Minimum Credits	Entry	
			General	Alternative Entry
Level 1	Certificate I	10 credits (3 weeks full-time)	<ul style="list-style-type: none"> Completion of Basic Education AND Ability to communicate in the language of instruction 	<ul style="list-style-type: none"> 16 years of age AND Ability to communicate in the language of instruction
Level 2	Certificate II	30 credits (10 weeks full-time)	<ul style="list-style-type: none"> Completion of Basic Education OR Attainment of a Level 1 qualification 	<ul style="list-style-type: none"> 16 years of age AND Ability to communicate in the language of instruction
Level 3	Certificate III	40 credits (15 weeks full-time)	<ul style="list-style-type: none"> Completion of Basic Education OR Attainment of a Level 2 qualification 	<ul style="list-style-type: none"> 18 years of age AND Ability to communicate in the language of instruction
Level 4	Certificate IV / Advanced Certificate	120 credits of which 90 credits at Level 4 (1 year (30 weeks) full-time)	<ul style="list-style-type: none"> Successful completion of Lower Secondary Education OR Attainment of a Level 3 qualification 	<ul style="list-style-type: none"> 18 years old and 1 year work experience AND Ability to communicate in the language of instruction
Level 5	Diploma	120 credits of which 90 credits at Level 5 (1 year (30 weeks) full-time)	<ul style="list-style-type: none"> Successful completion of Higher Secondary Education OR Attainment of a Level 4 qualification in a related field OR Attainment of a Level 4 Foundation Study Program approved for the specific Diploma program. 	<ul style="list-style-type: none"> Completion of a Level 4 qualification (unrelated), and successful completion of an MQA approved University Preparation Program* OR 20 years old, completion of secondary school, 2 years of <i>relevant</i> work experience, and successful completion of an MQA approved University Preparation Program

Level 6	Advanced Diploma / Associate Degree	240 credits of which 90 credits at Level 5 and 90 credits at Level 6 (2 years (60 weeks) full-time)	<ul style="list-style-type: none"> • Successful completion of Higher Secondary Education OR • Attainment of a Level 4 qualification in a related field OR • Attainment of a Level 4 Foundation Study Program approved for the specific Diploma program. 	<ul style="list-style-type: none"> • Completion of a Level 4 qualification (unrelated), and successful completion of an MQA approved University Preparation Program* OR • 20 years old, completion of secondary school, 2 years of <i>relevant</i> work experience, and successful completion of an MQA approved University Preparation Program
	Professional Certificate	40 credits (15 weeks full-time)	<ul style="list-style-type: none"> • Attainment of a <i>related</i> qualification at Level 5 	
Level 7	Bachelor's Honours Degree	480 credits of which a minimum of 150 credits at Level 7; from which at least 15 credits to be awarded for research related projects or modules (4 years full-time)	<ul style="list-style-type: none"> • Successful Completion of Higher Secondary Education OR • Attainment of a Level 4 qualification in a related field OR • Attainment of a Level 4 Foundation Study Program approved for the specific Diploma program. 	<ul style="list-style-type: none"> • Completion of a Level 4 qualification (unrelated), and successful completion of an MQA approved University Preparation Program* OR • 20 years old, completion of secondary school, 2 years of <i>relevant</i> work experience, and successful completion of an MQA approved University Preparation Program
	Bachelor's Degree	360 credits of which 90 credits at Level 7 (3 years full-time)		
	Professional Diploma	120 credits of which 90 credits at Level 7 (1 year (30 weeks) full-time)	<ul style="list-style-type: none"> • Attainment of a <i>related</i> qualification at Level 6 	
	Professional Certificate	40 credits (20 weeks full-time)		

Level 8	Graduate Certificate / Post Graduate Certificate	60 credits (20 weeks full-time)	<ul style="list-style-type: none"> • A <i>related</i> Bachelor's Degree 	<ul style="list-style-type: none"> • 25 years old, completion of a <i>related</i> Level 5 qualification, and 6 years of <i>relevant</i> experience (of which 3 years of experience is obtained after completion of a Level 5 qualification), and achieved a pass rating from an interview or exam given by the institute. OR • 25 years old, completion of a <i>related</i> Level 6 qualification, and 4 years of <i>relevant</i> experience (of which 2 years of experience is obtained after the completion of a Level 6 qualification), and achieved a pass rating from an interview or exam given by the institute.
	Graduate Diploma / Post Graduate Diploma	120 credits (1 year (30 weeks) full- time)		
Level 9	Master's Degree	120 credits (1 year (30 weeks) full-time)	<ul style="list-style-type: none"> • A <i>related</i> Bachelor's Degree OR • A <i>related</i> Graduate Diploma at Level 8 	<ul style="list-style-type: none"> • 25 years old, completion of a <i>related</i> Level 5 qualification, and 7 years of <i>relevant</i> experience (of which 3.5 years of experience is obtained after completion of a Level 5 qualification), and completion of an MQA approved Pre-Master's Program. OR • 25 years old, completion of a <i>related</i> Level 6 qualification, and 6 years of <i>relevant</i> experience (of which 3 years of experience is obtained after completion of a Level 6 qualification), and completion of an MQA approved Pre-Master's Program.

	Advanced Professional Diploma	120 credits (1 year (30 weeks) full-time)	<ul style="list-style-type: none"> Attainment of a <i>related</i> qualification at Level 8 	
	Advanced Professional Certificate	60 credits (20 weeks full-time)		
Level 10	Doctoral degree	360 credits (3 years full-time)	<ul style="list-style-type: none"> Attainment of a <i>related</i> qualification at Level 9 	
	Higher Professional Diploma	120 credits (1 year (30 weeks) full-time)		
	Higher Professional Certificate	60 credits (20 weeks full-time)		

Explanation of Key Terms in the Entry Requirements of MNQF (2009)

1. Ability to communicate in the language of instruction

“Ability to communicate” is defined as the potential to share and exchange information in the language of instruction of the intended program, using the full range of linguistic skills (speaking, reading, writing and listening).

2. Completion of Basic Education

Completion of Key Stage 2 (Grade 6) of the Maldives National Curriculum Framework

3. Completion of Secondary School

Completion of the 10th grade of a lower Secondary School

4. Successful Completion of Lower Secondary School

Completion of Key Stage 4 (Grade 10) of the Maldives National Curriculum Framework with a minimum of 3 subjects with “passing grades” in nationally recognized Secondary School Examinations. These include subject certifications awarded through national systems, normally awarded after 10 years of formal schooling. Passing grades at this level are those that are usually classified as acceptable for entrance to pre-university courses. For example, at IGCSE O/L, GCE O/L or SSC, a pass is considered C and above.

5. Successful Completion of Higher Secondary Education

Completion of Key Stage 5 (Grade 12) of the Maldives National Curriculum Framework with a minimum of 2 subjects with “passing grades” in nationally recognized Higher Secondary School Examinations. These include subject certifications awarded through national systems, normally after 12 years of formal schooling. Passing grades at this level are those that are usually classified as acceptable for university entrance. For example, at GCE A/L, a pass is considered E and above. HSSC pass is considered C and above. “Shahaadhaa Saanaviyya” and International Baccalaureate from a recognized institute/school are considered as equivalent to Higher Secondary Education.

6. Level 4 Foundation Study Program

A Level 4 Foundation Study Program is a program of study that provides the entry requirements for a *specific* undergraduate course of study approved by MQA at MNQF level 5, 6 and 7. Such a program would need to be approved by MQA and consist of a minimum of 120 credits (one academic year, full-time).

7. University Preparation Program

A University Preparation Program is a program of study designed to facilitate successful completion of university-level education of adults who return to higher education through alternative entry routes. Such a program may include modules related to English for academic purposes, ICT and basic Mathematical skills for higher education (as described in the level descriptors for Level 4 qualifications). Modules within such a program may include topics such as reading and listening skills; purposes and types of academic writing; library and online researching for writing; language, punctuation and grammar; presentation skills; and time management. Such a program would need to be approved by MQA and consist of a minimum of 120 contact hours (15 academic weeks, full- time).

*A student with an unrelated Level 4 or Level 5 qualification need not complete a University Preparation Program and may be given direct entrance to a Level 5 one-year Diploma program, provided the unrelated qualification is inclusive of the modules as suggested above for the University Preparation Program.

8. Pre-Master’s Program

A Pre-Master’s Program is a program of study designed to facilitate post-graduate level learning and research skills for adults who return to pursue Master’s degree level studies through alternative entry routes. A Pre-Master’s Program should be developed for a specific area(s) of Master’s level course of study. Such a program may include topics such as: subject-specific academic content for the specific area of study; critical and analytical reading; academic writing and presentations; library and online researching for writing; and introduction to research methods. Such a program would need to be approved by MQA and consist of a minimum of 120 contact hours (15 academic weeks, full-time).

9. Relevant Experience

“*Relevant Experience*” is prior experience of the prospective candidate that is aligned with the course of study for which that experience is applied for in providing entry. It is the responsibility of the given institution to obtain such information regarding relevant experiences of the candidate. Such information may include duration and types of experiences, and knowledge and skills gained from such experiences that relate to the outcomes of the specific course of study. Institutions may collect such information through prospective students’ CVs, written self-assessment of relevant experience, and through admission interviews. Documentation pertaining relevant experience should be kept available for auditing purpose of MQA for up to 5 years.

It is expected that alternative entry requirements will not be the main route of entry into any course of study. Therefore, only a reasonable percentage of applicants per intake should be considered for enrolment in a given program of study through the alternative entry criteria.

10. Related Qualifications

What is meant by “*attainment of a Level 3 qualification in a related field*” among General Entry Requirements for Level 4 is a Level 3 qualification that is directly related (aligned in terms of discipline/technical area/skills and academic content) to the Level 4 qualification for which entry is to be granted.

What is meant by “*attainment of a Level 4 qualification in a related field*” among General Entry Requirements for Level 5, Level 6 and Level 7 is a Level 4 qualification that fulfills at least one of the following two conditions: (1) aligned in terms of discipline/technical area/skills and academic content to the Level 5, Level 6, and Level 7 qualification for which entry is to be granted, or (2) consists of content and skills similar to in scope and depth to the University Preparation Program of study described under item 7 above.

What is meant by “*Related Bachelor’s degree*” among General Entry Requirements for Level 8 and Level 9 is an undergraduate degree that is aligned in discipline/content/skills to the Level 8 or Level 9 qualification for which entry is to be granted. In other words, it should be a qualification which is parallel to the study program to be followed. If the qualification is not parallel to the study program to be followed at Level 8 or Level 9; then, the student must have a qualification that enables to evaluate and apply a range of processes relevant to the field of study that is to be followed. For example, a student with an MBBS qualification may enroll in an MBA program.

11. Provision of Advanced Standing or Credit Transfer

Upon granting admission of a student into a program of study, a given institution may grant academic credits for specific course of study as advance standing based on the following criteria. Advanced standing should be granted for modules, or a group of units/subjects/modules deemed substantially equivalent (similarity of 70% or more) to units/subjects/modules in the specific course of study for which admission is granted by the institution. Once advanced standing is granted for units/subjects/modules, they should be clearly mentioned on student transcript as Exempt. Provision of advanced standing (transfer of credit for prior learning) will lead the student to complete fewer subjects overall to receive the qualification and henceforth the duration may be reduced.

It is the responsibility of the institution to assess content and outcomes of prior learning for the purpose of advance standing. For this purpose, the institution may obtain descriptions and learning outcomes of relevant units/subjects/modules completed by the student prior to joining in the respective course of study. Relevant prior learning from both recognized local and international institutions could be considered. Factors that could be considered in providing advanced standing are: (1) content and learning outcomes of prior learning, (2) prior assessment details, (3) contact hours and (4) points value/ credit hours.

Advanced Standing should only be given for prior study that has been undertaken at a higher level than the minimum entry qualification level for a given course of study. For example, advanced standing in a Bachelor’s degree cannot be given for a Level 4 Certificate IV, which is the minimum entry qualification for Bachelor’s degree. Advanced standing for informal education or prior work experience cannot be taken into account.

Institutions must keep records to justify the provision of advanced standing for each student. Such documents may include descriptions of modules completed prior to enrolling in the respective course of study, enrolment interview records (if relevant), and results of any form of assessment undertaken for the purpose. Such records should be kept for up to 5 years, upon the completion of the course of study.

		Value addition		
Services	Community Sanitation	Garbage disposal		
		Hygiene, community		
		Sanitation, community		
		Street cleaning		
		Waste management		
	Domestic services	Caretaking, housekeeping, home service		
	Hotel, Restaurants and Catering	Butler service		
		Food and beverage management		
		Food and hospitality services		
		Food handling		
		Hospitality management		
		Kitchen operations		
		Serving food		

	Hygiene and Occupational Health Services	Cleaning and sanitation		
	Law	Air cargo law		
	Management and administration	Policy analysis, development and implementation training		
		Strategic formulation		
		Sustainable tourism development		
		Community-based tourism		
	Military and defence	Defence studies		
		National security	Highly Technical	
	Occupational Health and Safety	Emotional intelligence in the workplace		
		Enhancing employability with health and safety		
		Ergonomics	Highly Technical	
		Health and safety in the work place		
		Healthcare quality and safety		
		Hypertensive management		
		Inclusive work environment		
		Industrial welfare		
		Job safety		
		Labour protection		
		Labour security		
		Labour welfare (safety)		
		Occupation health and safety		
		Occupational health and industrial hygiene		
		Safety oversight of aviation meteorological services		

		Self-care at work		
		Standardization and conformity assessment		
		Stress management		
		Time and stress management		
		Water and waste water technology		
		Work environment		
	Protection of persons and property	Airport security		
		Anti-fraud/anti-corruption investigation		
		Arson investigation		
		Authorized Economic Operator (AEO)		
		Aviation security management	Highly Technical	
		Body language and questioning techniques		
		Border enforcement procedure		
		Border security and management	Highly Technical	
		Building security and safety		
		Bulk cargo surveying		
		Cargo clearance		
		Cargo security		
		CCTV analysis		
		Commercial fraud analysis		
		Common alert protocol		
		Counter fraud and counter corruption	Highly Technical	
		Counterterrorism (CT) and preventing and countering violent extremism (P/CVE)		

		Crash/road crimes investigation		
		Crime analysis/intelligence analysis		
		Crime and justice		
		Crime scene investigation & forensic science	Highly Technical	
		Crime scene management		
		Crime scene photography/videography		
		Criminal investigation	Highly Technical	
		Customs administration	Highly Technical	
		Customs studies		
		Detention and inadmissible passenger handling		
		Digital evidence extraction and analysis		
		Document analysis and declaration processing		
		Economic crimes	Highly Technical	
		Evidence collection		
		Evidence management		
		Explosives and chemical identification		
		Financial crimes	Highly Technical	
		Financial fraud	Highly Technical	
		Financial investigation	Highly Technical	
		Fire and safety		
		Fire fighting	Highly Technical	
		Fire technology	Highly Technical	

		Forensic analytics for effective fraud detection		
		Forensic audio, photography and video technology		
		Forensic examination	Highly Technical	
		Forensic explosives analysis and investigation		
		Forensic science (specialized in trace evidence, document analysis)	Highly Technical	
		Forensic sciences and criminology course		
		Fraud and financial crime investigation	Highly Technical	
		Fraud examination	Highly Technical	
		Harbour clearance procedure		
		Harmonized system (HS) codes		
		Homicide investigation		
		Human trafficking enforcement and policy application	Highly Technical	
		Human trafficking/ migrant smuggling	Highly Technical	
		Information analysis		
		Information security, digital forensics & online social media course		
		Intelligence management	Highly Technical	
		Intelligence studies	Highly Technical	
		Interdiction techniques		
		Tourism security	Highly Technical	
		Investigation		
		Investigation (judges misconduct investigation)		

		Investigation of specific crimes	Highly Technical	
		Investigation report writing		
		Investigative sources	Highly Technical	
		Investigative techniques		
		Jail Inspections and Audit	Highly Technical	
		Leadership training for law enforcement officers		
		Major case management training		
		Managing fraud risks in internal audit		
		Maritime safety and security studies	Highly Technical	
		Narcotics detection and testing		
		National security and law enforcement trainings		
		Neighborhood/community policing		
		Open-source investigation	Highly Technical	
		Open water diver		
		Passenger clearance procedure		
		Policing studies	Highly Technical	
		Polygraphy training		
		Procurement fraud analysis and prevention		
		Public security		
		Rehabilitation and reintegration strategies	Highly Technical	
		Report writing and evidence management		
		Rules of origin		

		Safety and security management		
		Search techniques (passenger, cargo, luggage, vehicle, vessel)		
		Security and law enforcement studies		
		Security analysis		
		Security and loss prevention services	Highly Technical	
		Security guarding	Highly Technical	
		Security studies		
		Self defence		
		Serious and organized crime	Highly Technical	
		Social security fund investment strategies		
		Source management		
		Speaker identification and tape authentication course		
		Specialist weapons and tactics training		
		Specialized training on vehicle and vessel inspection		
		Surveillance and patrolling		
		Terrorism and counter-terrorism program		
		Tracking device		
		VAT/GST fraud investigation		
		Water diver		
		Customs Operational Practices for Enforcement and Seizures (COPES)		
		Weapons identification		
		X-ray screening training		

	Sports	Coaching		
		Coaching and mentoring		
		Physical fitness		
		Sport leadership	Highly Technical	
		Sport trainer studies	Highly Technical	
		Sports		
		Sports coaching		
		Sports instruction	Highly Technical	
		Sports policy formulation		
		Umpiring	Highly Technical	
	Transport services	Aerodrome and dock inspection		
		Aerodrome inspection and reporting		
		Air cargo and mail security		
		Aircraft load control and management		
		Aircraft marshalling		
		Aircraft pushback and towing		
		Aircraft turnaround coordination		
		Airport maintenance and operations		
		Airport weather operations and planning		
		Airside monitoring and fault reporting		
		Airside pavement contamination		
		Ambulance driving		
		Arrival, transit and transfer handling		

		Aviation security management	Highly Technical	
		Baggage handling system operations		
		Boarding assistance		
		Cargo and freight operation		
		Check-in and ticketing		
		Communications (air, railway, road etc.)		
		Control of works in airside and airport		
		Dangerous goods regulation		
		Escort and aircraft follow-me service		
		Flight control and close-out		
		Flight documentation and editing		
		Flight operations		
		Flight supervision		
		Flying and navigation		
		Foreign objects and debris (FOD) collection		
		Freighter operations		
		Ground cockpit communication		
		Ground service equipment operation		
		Ground support equipment servicing and maintenance		
		Irregularity handling		
		Low visibility operation		
		Maritime safety and security studies	Highly Technical	
		Maritime studies		
		Operations control and coordination		

		Passenger and flight information system		
		Passenger floor management		
		Pavement inventory and database		
		Postal services		
		Removal of disabled aircraft		
		Runway surface condition reporting		
		Runway surface friction and profile testing		
		SCORE system		
		Slot coordination		
		Trolley management & porter services		
		Unit Load Device (ULD) operation		
		Vessel clearance		
		Water aerodrome escort and follow me services		
		Wing walking		
	Travel, tourism and leisure	Destination management		
		Tourism		
		Travel and tourism		
		Travel services		
Social sciences, Journalism and Information	Biochemistry	Digital forensics		
	Economics	Behavioural economics		
		Econometrics	Highly Technical	
		Economic and social development		
		Economic diversification in social sector		
		Economic growth and distribution		

		Economic policy and planning	Highly Technical	
		Economics	Highly Technical	
		Economics and public policy		
		Energy economics		
		Environmental economics		
		Environmental economics and policy		
		Macroeconomics of climate change		
		Political economics		
		Social economics		
		Special economic zones		
	Humanities	Humanities		
	Journalism and reporting	Broadcast journalism	Highly Technical	
		Content writing		
		Crisis communication training		
		Digital marketing strategies and analytics		
		Digital media content development		
		Editing		
		Journalism
