

JICA Knowledge Co-Creation Program for Long Term Participants (JICA Development Studies Program)

General Information on SDGs Global Leader JFY2023

**国別研修
「SDGs グローバルリーダー（2023年度）」**

This handout provides an overview of the “SDGs Global Leader” program/course, which is one of Japan International Cooperation Agency (JICA)’s Knowledge Co-Creation Program (Long-Term). The program will be implemented as part of the Official Development Assistance of the Government of Japan based on bilateral agreement between respective governments.

Each country may have its own schedule and/or qualifications for the program. With regard to the additional information, please contact our JICA overseas office in charge of your country.

The objective of the Knowledge Co-Creation Program (Long-Term) is to offer opportunities to people from developing countries to study at higher educational institutions in Japan and to help them build their network of people. This is intended to assist in the human resource development plans of the governments of developing countries and Japan, and eventually to expand and strengthen bilateral ties between the developing countries and Japan.

0. Background

What is JICA Knowledge Co-Creation Program (KCCP)

The Japanese Cabinet released the Development Cooperation Charter in February 2015, which stated, “In its development cooperation, Japan has maintained the spirit of jointly creating things that suit partner countries while respecting ownership, intentions and intrinsic characteristics of the country concerned based on a field-oriented approach through dialogue and collaboration. It has also maintained the approach of building reciprocal relationships with developing countries in which both sides learn from each other and grow and develop together.” JICA believes that this ‘Knowledge Co-Creation Program’ will serve as a foundation of mutual learning process.

What is JICA Development Studies Program (JICA-DSP)

JICA-DSP is being carried out by JICA as part of official development assistance (ODA) by the government of Japan. JICA-DSP is offered for international scholars accepted as the participants of JICA’s Human Resource Development Project who are enrolled in a degree program at a Japanese university.

1. Overview

Until now, JICA has provided training programs as a part of technical cooperation in various fields. In order to strengthen networks between the target countries in respective fields, JICA established a new long-term training program to foster young/middle-aged bureaucrats, academicians and leading human resources in various fields of target countries who are capable of influencing policy making processes in their countries or contributing to socioeconomic development in the near future.

The new program/course, “SDGs Global Leader,” was established in JFY 2019 under the framework of JICA Development Studies Program (JICA-DSP) for the purpose of promoting the cooperation of sustainable development in the world.

The program/course will offer participants with special curriculums on Japanese developmental experience and internships if necessary, in addition to obtaining a Master’s or PhD. degree.

2. Objectives

- (1) To develop high level human resources who are capable of contributing to appropriate policy decisions and its implementation for tackling political and developmental issues in respective fields.
- (2) To establish and maintain mid and long-term amicable relationships between target countries and Japan.

3. Course Outline

The course consists of the acceptance of scholars from 116 countries including 9 countries from Southeast Asia, 14 countries from Pacific region, 6 countries from South Asia, 6 countries from East and Central Asia, 29 countries from Latin America, 3 countries from Middle East and Europe, 49 countries from Africa.
